

Application for SBU Forensics Performance Scholarship

We are always looking for more talented and dedicated students to join the “*tradition of excellence*” that is Southwest Baptist University Forensics. We look forward to reviewing your application. Remember that you do not necessarily need to have done forensics in high school to qualify for a forensics scholarship. Scholarship decisions for the following academic year are made starting in December so we encourage you to apply early. However, should you miss this deadline please send in your application anyway and we will review it carefully. If you receive a forensics scholarship you will be sent an award letter and a “notice of intent” that you should sign and return. In addition to this application we request that you send a copy of your most recent transcript (high school or college). Please return this application and have your transcript sent to:
